## SELF-TITLED DEBUT EP

**Bordeaux; France; 5 May 2015. Hidden Shoal is proud to announce the release of the self-titled debut EP by French post-rock'n'roll outfit Les Limbes.**

Les Limbes' debut self-titled EP is an exercise in intensely focused energy and atmosphere. Its four instrumental tracks are driven by dense, heavy guitars and a lithe, propulsive rhythm section, counterpointed with soaring strings and driving pianos. This mix of adrenalised rock heft with atmospheric pop dynamics is both mesmerising and incredibly visceral, no better exemplified than on new single 'Hypersonic'.

Born from the ashes of a number of previously active bands from Bordeaux, south west France (Beautiful Lunar Landscape, Nihil, Nucold), several members of Les Limbes began working together in 2012. Initially the band jammed and recorded their ideas, which made it clear something special was brewing. The band grew to a five piece (Arnaud Sigonney, Yoann Roy, Daniel Guerin, Julien Favreau, Nicolas Pointeau), began playing shows in Bordeaux, and recorded their brilliant four-track self-titled debut EP. Fans of Beautiful Lunar Landscape, who also released their debut through Hidden Shoal in 2007, will recognise the epic atmospheric rock stylings that Les Limbes effortlessly exude. However, the band also bring a new level of energy to the table, propelling these compositions into the stratosphere. This is noisy, rocket-fuelled post-rock'n'roll at its finest.

The *Les Limbes* EP is released through Hidden Shoal on 5th of May 2015 preceded by the single 'Hypersonic' on 9th March.
